

MP Panic Exit Police Lock

Special Code Compliant Items

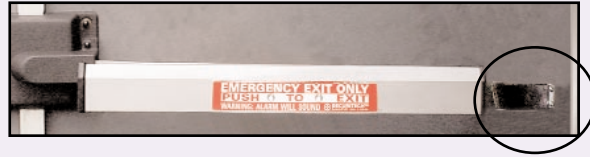

Extended Paddle: #49PADEXT

To meet building codes requiring longer paddle coverage on doors; Mounts between paddle and existing arm

Deflector: #49PADDEF

The rubber paddle deflector extends from the back of the extended paddle and is affixed to the door with 2 screws. Designed to comply with code or situations where items could "snag" the end of the paddle. Standard on fire-rated models.

Channel Deflector: #49CHANDEF

To meet building codes requiring angled deflector over protrusions on lower half of the door; Mounts over channel. To be painted to match door.

Dress Cover: #49VDC1

Dress cover conceals aluminum channels. May be painted to match door color. Separate covers for top and bottom channels. For use where MP4900™ will be visible on sales floor or other high visibility locations.

Combination: #49CADA

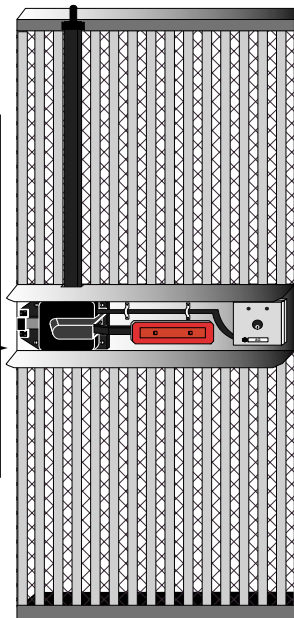

- Includes
- 1 #49CHANDEF
 - 1 #PADEXT
 - 1 #49PADDEF

Custom Models-

The MP4900™ can be prepared for steel gates or other special applications. Please contact the factory with your special requirements.

Security Shroud:

Prevents reaching in to activate paddle or vandalize components.
