

**PROTECTIVE LEVER
TRIM UNIT**

The PLTU fits over existing or new locks. Securitech UG trim shown in this photo.

How Does It Work?

The PLTU mounts on the door, surrounding the lock trim. It is thru-bolted from the interior.

The welded steel construction will take abuse from carts, handtrucks, etc.

**Reduce
Maintenance &
Replacement Costs**

**Protects Lever
Trim From Abuse By
Carts And Other
Forms Of Attack**
