

SECURITECH™

USAGE: Marking Template For EH-4.0
Full Mortise Ball Bearing Electrified Hinge 4-1/2" x 4"

TEMPLATE #: EH-4.0

DATE: 09/29/00 Rev.10/09/02 BY: RO Ver:2.0

DOOR AND FRAME PREPARATION:

Use the above template for the location of wire entry holes on door and frame. Electric hinges are non-load bearing and must be mounted in the center hinge position only. Steel hinges are for interior use only.

ELECTRIC SPECIFICATIONS:

Model EH-4.0: 1 pair 1 amp, 24 Volt, 1pair @ 0.250 amps.

INSTALLATION:

Do not attempt to disassemble hinge. Hinge must be installed assembled. Disassembly voids warranty.

Do not force hinge into prep. Hinge must fit freely to avoid damage and/or shortened life.

Do not hang hinges from wires. Damage can occur and will void warranty.

After connections are made, slide wires through holes, making sure that wires are not pinched or rubbing on sharp edges.
